

Please check that you have renewed your ACMOC membership. If you have not, then your membership will lapse and you will no longer receive copies of the magazine in the post (full international members) or be able to access the members area on the website to read the magazine there.

Membership costs just 77 US Dollars to receive posted magazines and 44 US Dollars if you do not want a paper magazine posted to you. To renew memberships go to the ACMOC website (www.acmoc.org/store) and follow the instructions or scan the QR code at the bottom of the letter and follow the instructions there. For anyone struggling please contact Tony Johnson and he can help renew memberships and sort card payments 07786 861743.

Dear Members,

I hope this letter finds you all well after having a good Christmas and New Year. I am looking forward to a busy year with the club as there are plenty of events in the calendar celebrating the 100th anniversary of Caterpillar tractors. I hope you are all enjoying the ACMOC quarterly magazine and our section showing information on rallies and events Chapter 2 attends. If anyone has any articles or write ups they'd like adding to the upcoming issues of the ACMOC magazine, please let me know.

As with all the shows and working events a great deal of time and energy is put into organising them, so I just ask as many members as possible to attend the events during the show season. If any members would like to attend the shows with machines, help steward or just want information please contact Bodie Hunter 07723381492 bodiehunter@hotmail.com

With Sibbertoft being the show that Chapter 2 The Link Club, runs itself it would be great this year if we can get as many spectators and machines there as possible to help celebrate the 100th anniversary of Caterpillar. As with all the shows below they are held weather dependant, if for any reason the weather looks unsettled, or you required information on the show or want to take a tractor please contact the club member whose information is added to each event.

UPCOMING EVENTS
